Access to our Experts

More than just a website – an Upstream Intelligence subscription also provides you with direct access to our team of GEPS Experts, who will draw on their cross-industry knowledge, connections and experience to discreetly answer your queries and provide further information.

Daily Exploration Alert (DEA)

The Daily Exploration Alert has been providing the E&P industry's most up-to-date breaking news service electronically since 1984.

The dynamic filter menus show at a glance the key players in any given area; which basins host the most activity; and which topics are trending where. Use the customisable Dashboard and Cross-Product Search to view and compare content side-by-side.

GEPS allows you to generate your own custom search results and dashboard views and save them for later; dynamic updates mean you will always log in to fresh information. Customise your own reports and e-mail alerts.

This unique service is built on an unrivalled foundation of knowledge, experience and understanding of the industry and is written by E&P professionals, located strategically around the world.

Integrated E&P workflows via EDIN

GEPS content is also now available within EDIN, bringing together and enhancing existing workflows, and building meaning and context into your visualisation of the E&P landscape.

A favourite with oil & gas professionals who prefer to scan a round-up of the latest industry news, the Daily Exploration Alert provides an easy-to-use online service, plus delivery via e-mail alert or RSS feed.

Coverage includes daily benchmark crude pricing (+ weekly summary), plus topics such as:

- General Industry-wide Issues
- Acreage Offers & Relinquishments
- Exploratory Drilling
- Geophysical Surveys
- Company Deals

GEPS Maps

Visualise accurate, up-to-date E&P activity by region, country/territory, and activity hotspots such as basins.

With more than 550 full-colour GEPS maps available via your GEPS subscription, you can easily:

- Visualise wells, fields, contracts, key pipelines
- Select workflow-applicable maps by scale and level of detail
- View maps in hardcopy or PDF format

Essential Intelligence

Exploration/Geologists

- Where should we prioritise future exploration efforts?
- What's happening below-ground near current development opportunities?

New Ventures/Business Development (E&P/OFS)

- Where are new, high-quality opportunities arising that will enhance our company's existing portfolio?
- How successful have nearby projects been, and has there been any activity that would change our perspective on a basin/country opportunity level?

Senior Managers/Executives

- What's happening in the industry today? What's the overall picture?
- How is my company's success being reported? How does my company compare alongside our peers?

Government – Energy Departments, NOCs

- How does my country's energy sector compare to our peers? Are we more or less attractive? What can we learn?
- Are there discoveries that might extend into our borders, and what do they mean?

Finance / Banks

- International Energy Letter: Which areas are producing successful E&P results? Who are the key industry players in a given area? What are the key trends?
