iBoxx[®] USD Liquid Investment Grade 0-5 Index

Transparent, independent, objective, and multi-dimensional coverage across all asset classes.

The iBoxx USD Liquid Investment Grade 0-5 index consists of liquid USD investment grade bonds, which provide a balanced representation of the USD denominated short duration investment grade corporate bond universe. The index rules aim to offer a broad coverage of the USD high yield liquid bond universe and have been designed to provide a suitable basis for OTC, exchange-traded derivatives and Exchange Traded Funds (ETFs). The index is market-value weighted with an issuer cap of 3%.

The index is part of the global iBoxx index families, fueled by multi-source pricing. iBoxx indices offer representative and objective benchmarks for assessing the performance of bond markets and investments.

Transparency

Documentation on our rules-based methodology for constituent selection, monthly rebalancing and daily total return calculations is publicly available.

Independence

iBoxx[®] products utilise independent multi-source pricing and reference data subject to rigorous quality testing, with a fully documented price challenge process in place. We are committed to administering all financial benchmarks in compliance with IOSCO benchmark principles and is an authorised benchmark administrator under the European Benchmark Regulation (BMR).

Multi-dimensional analysis

A wide range of analytical values are published to support risk, performance measurement and attribution analysis.

Flexibility

iBoxx[®] offers the ability to customize indices to meet specific criteria.

Depth of Data

A broad history of index and sub-index returns and analytics are available and published frequently to support index analysis.
