

Modification to the Methodology of the S&P Select Frontier and S&P Extended Frontier 150 Indices

MEXICO CITY, APRIL 12, 2022: S&P Dow Jones Indices (“S&P DJI”) announces a change to the S&P Select Frontier and S&P Extended Frontier 150 Indices.

In November 2020, S&P DJI [announced](#) the reclassification of Iceland from Standalone to Frontier market status effective prior to the market open on March 21, 2022. In order to allow for an expanded universe of potential candidates for index addition due to this reclassification, S&P DJI will include local Icelandic listings as part of the index universe of the S&P Select Frontier and S&P Extended Frontier 150 Indices.

This change will be implemented in conjunction with the semi-annual reconstitution of the indices, which takes effect prior to the market open on **Monday, May 2, 2022**. This change will first be visible to clients in pro-forma and corporate events (.SDE) files beginning on Friday, April 22, 2022.

Please note that the S&P Frontier Indices Methodology on S&P DJI’s website is being updated to reflect this change.
