Introduction

Index Objectives and Highlights

The S&P Green Bond Indices are indices composed of globally issued bonds labeled “green” by Climate Bonds Initiative (CBI) that satisfy the criteria in *Eligibility Criteria* and *Sub-Index Rules*. A green labeled bond is a bond whose proceeds are used to finance environmentally friendly projects.

For information on CBI’s, please refer to <https://www.climatebonds.net/>.

Index Family

The index family includes:

- **S&P Green Bond Index.** The index measures the market value weighted performance of globally issued, green-labeled bonds.
 - **S&P Green Bond Select Index.** The index is a sub-index of the S&P Green Bond Index that measures the capped market-value weighted performance of globally issued, green-labeled bonds, subject to the additional eligibility factors and constraints defined in *Sub-Index Rules* and *Index Construction*.
 - **S&P U.S. Municipal Green Bond Index.** The index is a sub-index of the S&P Green Bond Index that measures the market-value weighted performance of U.S. green-labeled municipal bonds, subject to the additional eligibility factors and constraints defined in *Sub-Index Rules* and *Index Construction*.
 - **S&P Green Bond U.S. Dollar Select Index.** The index is a sub-index of the S&P Green Bond Index that measures the capped market-value weighted performance of U.S. dollar-denominated green-labeled bonds, subject to the additional eligibility factors and constraints defined in *Sub-Index Rules Criteria* and *Index Construction*.

Supporting Documents

This methodology is meant to be read in conjunction with supporting documents providing greater detail with respect to the policies, procedures and calculations described herein. This methodology was created by S&P Dow Jones Indices to achieve the aforementioned objective of measuring the underlying interest of the index governed by this methodology document. Any changes to or deviations from this methodology are made in the sole judgment and discretion of S&P Dow Jones Indices so that the index continues to achieve its objective.

Eligibility Criteria

Eligibility Factors

Unless otherwise noted, all eligibility criteria apply to all indices, and bonds must satisfy all eligibility factors to be eligible for index inclusion.

Eligibility factors specific to sub-indices are listed in *Sub-Index Rules*.

Country/Currency. Green bonds issued from any country and in any currency are eligible for index inclusion.

Green Flag. Bonds must be flagged as “green” by CBI. For a bond to be flagged green, the issuer must clearly indicate the bond’s “green” label and the rationale behind it, such as the intended use of proceeds. CBI uses company disclosures to make the “green” determination. Such disclosures must be made in sources that are credible and related to the company, and may include:

- Company web sites
- Sustainability reports
- Legal disclosures
- Public Filings
- Independent second opinions

Maturity. Each bond must have a maturity greater than one month from the rebalancing date. No bond matures in the index.

Coupon Type. The following coupon types are eligible for index inclusion:

- Fixed
- Zero Coupon
- Step-Up
- Floaters
- Fixed-to-Float

Duplicate Bonds. For USD and CAD denominated bonds with multiple registrations, the 144a version will be eligible, and the Reg-S will be excluded. For all other currency denominated bonds which have multiple registrations, the Reg-S will be included while the 144a will be excluded.

Settlement. Bonds issued up to the rebalancing reference date (regardless of the settlement date) are included. Standard index settlement convention is same-day (e.g. T+0), unless otherwise specified. For month-ends that fall on weekends, the interest accrued during the month will be reflected within the calendar month regardless of settlement convention. For rates that are not available at month-end (e.g. a rate with an unknown reset), the accrual will be based on the current rate and adjusted the first business day of the next month.

Exclusions. The following bond types are specifically excluded from the indices:

- Bills
- STRIPS
- Inflation-Linked
- Convertible bonds¹

Pricing. Bid Price – Refinitiv is the designated pricing source for all non-U.S. Municipal securities and Securities Evaluations | ICE Data Services is the designated pricing source for U.S. Municipal securities. Bonds not priced by Refinitiv or Securities Evaluations | ICE Data Services are ineligible for index inclusion.

¹ Bonds with convertible features (including Contingent Convertibles) are excluded from the index.

Sub-Index Rules

S&P Green Bond Select Index

Currency and Market of Issue. Bonds issued in G10 currencies are eligible for index inclusion. Bonds issued in non-G10 currencies must be issued in global markets (e.g. Foreign, Global, or Eurobond) to be eligible for index inclusion.

Coupon Type. Floaters are not eligible for sub-index inclusion.

Optionality. Bullets, callable and puttable securities are included. Fixed-to-floating rate securities qualify if they are in the fixed phase and have at least one month until the date they transition to floating. Step-up coupon securities qualify if they have a predetermined coupon schedule.

Maturity. Each bond must have a maturity greater than one month from the rebalancing date. No bond matures in the index.

Security Type. The following bond types, including those excluded from the parent, are specifically excluded from the sub-index:

- Sukuk Bonds
- Convertible Securities
- Floating-rate Securities
- Private Placement with no registration
- Perpetual Securities
- Tax Exempt Municipal Bonds

Credit Rating Quality.

- **New Issues.** New issues must be rated by at least one rating agency (S&P Global Ratings [SPGR], Moody's or Fitch) to be considered at the subsequent rebalancing.
- **Non-rated and Defaulted Bonds.** Bonds no longer rated or that have defaulted are removed at the subsequent rebalancing.
- **Investment Grade.** The minimum credit rating for inclusion is BBB-/Baa3/BBB-. The lowest of all available ratings (SPGR, Moody's, and Fitch) is used as the index rating.
- **High Yield.** The maximum credit rating for inclusion is BB+/Ba1/BB+. The lowest of all available credit ratings (SPGR, Moody's, and Fitch) is used as the index rating.

The issuer rating may be applied in place of the bond level ratings. For example, a sovereign bond index may apply the long-term foreign currency issuer rating in place of each sovereign bond issue.

Minimum Par Outstanding. The minimum par outstanding requirements based on issuer type and currency of issue are outlined in the table below.

S&P U.S. Municipal Green Bond Index

Issuer. The bond issuer is a U.S. state (including the Commonwealth of Puerto Rico and U.S. territories) or local government or agency such that interest on the bond is exempt from U.S. federal income taxes but may be subject to alternative minimum tax (AMT).

Currency. The bond must be denominated in U.S. dollars

Maturity. As of the rebalancing date, the bond must have a minimum term to maturity greater than one calendar month. For any bond with an announced full call, the call date must be greater than one calendar month.

Security Type. The following bond types are specifically excluded:

- Commercial paper
- Derivative securities (inverse floaters, forwards, & swaps)
- Notes
- Taxable municipals
- Variable rate debt (except for known step-up/down coupon schedule bonds)
- Defaulted Bonds

Minimum Par Amount. Bonds must have a minimum par amount of US\$ 2 million to be eligible for inclusion.

S&P Green Bond U.S. Dollar Select Index

Currency. The bond must be denominated in U.S. dollars

Maturity. Each bond must have at least 12 months to final maturity at the time of issuance to be included, and have at least one month remaining until maturity at each rebalancing date. No bond matures in the index.

Minimum Par Outstanding. The minimum par outstanding must be US\$ 200 million or greater.

Security Type. The following bond types, in addition to those excluded from the parent, are specifically excluded from the sub-index:

- Tax Exempt Municipal Bonds
- Private Placement with no registration
- Convertible Securities
- Perpetual Securities

Credit Rating Quality.

- **Non-rated bonds.** Non-rated bonds issued by U.S. government sponsored enterprises, such as FNMA, Freddie Mac, etc., are eligible for inclusion.
- **Defaulted Bonds.** Bonds that have defaulted are removed at the next rebalancing.

Index Construction

Index Calculations

S&P Green Bond Index and S&P U.S. Municipal Green Bond Index. The indices are market value weighted.

S&P Green Bond Select Index and S&P Green Bond U.S. Dollar Select Index. The indices are market value weighted subject to the following constraints:

1. Issuers (including non-rated issuers for the S&P Green Bond U.S. Dollar Select Index) are capped at 10%.²
2. If the High Yield portion of the index exceeds 20% following step 1, a 20% cap is applied. The excess weight is redistributed proportionally to all uncapped securities that do not carry a high yield rating.

The total return is calculated by aggregating the interest return, reflecting the return due to paid and accrued interest, and price return, reflecting the gains or losses due to changes in the end-of-day price and principal repayments.

For further details regarding index calculations please refer to S&P Dow Jones Indices' Fixed Income Index Mathematics Methodology.

² Based on the number of issuers in the index prior to 2015 the capping rules were not applied.

Index Maintenance

Rebalancing

Indices are reviewed and rebalanced in accordance with the stated schedule. The Index Committee, nevertheless, reserves the right to make adjustments to an index at any time that it believes appropriate.

Additions, deletions and other changes to an index arising from the rebalancing are made provided the security's reference information and pricing are available by designated pricing and data providers on the rebalancing reference date. Changes to an index are published on the announcement date and become effective on the rebalancing date. Information related to the rebalancing is obtained and disseminated after the close of business.

Rebalancing Schedule	
Rebalancing Frequency	Monthly
Rebalancing Date	Last day of the rebalancing period (T)
Announcement Date	T - 3
Reference Date	T - 4

All days reflect after the close and count business days

Currency of Calculation and Additional Index Return Series

The indices are calculated in U.S. dollars.

WM/Refinitiv foreign exchange rates are taken daily at 04:00 PM London time and used in the calculation of the indices. These mid-market fixings are calculated by the WM Company based on Refinitiv data and appear on Refinitiv pages WMRA.

Additional currency and currency hedged versions of the indices, as well as maturity, sector, and rating-based sub-indices may be available. For a list of available sub-indices and tickers, please refer to S&P Dow Jones Indices' Fixed Income Index Directory available at www.spglobal/spdji.com.

For more information on currency and currency hedged indices, please refer to S&P Dow Jones Indices' Fixed Income Index Mathematics Methodology.

Index Governance

Index Committee

An Index Committee maintains the indices. All committee members are full-time professionals at S&P Dow Jones Indices. Meetings are held regularly.

The Index Committee oversees the management of the indices, including determinations of intra-rebalancing changes, maintenance and inclusion policies, and other matters affecting the maintenance and calculation of the indices.

In fulfilling its responsibilities, the Index Committee has full and complete discretion to (i) amend, apply, or exempt the application of index rules and policies as circumstances may require and (ii) add, remove, or by-pass any bond in determining the composition of the index.

The Index Committee may rely on any information or documentation submitted to it or gathered by it that the Index Committee believes to be accurate. The Index Committee reserves the right to reinterpret publicly available information and to make changes to the index based on a new interpretation of that information at its sole discretion. All Index Committee discussions are confidential.

The Index Committee is separate from and independent of other analytical groups at S&P Global. In particular, the Index Committee has no access to or influence on decisions by S&P Global Ratings analysts.

S&P Dow Jones Indices' Index Committees reserve the right to make exceptions when applying the methodology if the need arises. In any scenario where the treatment differs from the general rules stated in this document or supplemental documents, clients will receive sufficient notice, whenever possible.

In addition to the daily governance of indices and maintenance of index methodologies, at least once within any 12-month period, the Index Committee reviews the methodology to ensure the indices continue to achieve the stated objectives, and that the data and methodology remain effective. In certain instances, S&P Dow Jones Indices may publish a consultation inviting comments from external parties.

For information on Quality Assurance and Internal Reviews of Methodology, please refer to S&P Dow Jones Indices' Fixed Income Policies & Practices Methodology.

liable to any party for any direct, indirect, incidental, exemplary, compensatory, punitive, special or consequential damages, costs, expenses, legal fees, or losses (including, without limitation, lost income or lost profits and opportunity costs) in connection with any use of the Content even if advised of the possibility of such damages.

Credit-related information and other analyses, including ratings, research and valuations are generally provided by licensors and/or affiliates of S&P Dow Jones Indices, including but not limited to S&P Global's other divisions such as S&P Global Market Intelligence. Any credit-related information and other related analyses and statements in the Content are statements of opinion as of the date they are expressed and not statements of fact. Any opinion, analyses and rating acknowledgement decisions are not recommendations to purchase, hold, or sell any securities or to make any investment decisions, and do not address the suitability of any security. S&P Dow Jones Indices does not assume any obligation to update the Content following publication in any form or format. The Content should not be relied on and is not a substitute for the skill, judgment and experience of the user, its management, employees, advisors and/or clients when making investment and other business decisions. S&P Dow Jones Indices LLC does not act as a fiduciary or an investment advisor. While S&P Dow Jones Indices has obtained information from sources they believe to be reliable, S&P Dow Jones Indices does not perform an audit or undertake any duty of due diligence or independent verification of any information it receives.

To the extent that regulatory authorities allow a rating agency to acknowledge in one jurisdiction a rating issued in another jurisdiction for certain regulatory purposes, S&P Global Ratings reserves the right to assign, withdraw or suspend such acknowledgement at any time and in its sole discretion. S&P Dow Jones Indices, including S&P Global Ratings, disclaim any duty whatsoever arising out of the assignment, withdrawal or suspension of an acknowledgement as well as any liability for any damage alleged to have been suffered on account thereof. Affiliates of S&P Dow Jones Indices LLC, including S&P Global Ratings, may receive compensation for its ratings and certain credit-related analyses, normally from issuers or underwriters of securities or from obligors. Such affiliates of S&P Dow Jones Indices LLC, including S&P Global Ratings, reserve the right to disseminate its opinions and analyses. Public ratings and analyses from S&P Global Ratings are made available on its Web sites, www.standardandpoors.com (free of charge), and www.ratingsdirect.com and www.globalcreditportal.com (subscription), and may be distributed through other means, including via S&P Global Ratings publications and third-party redistributors. Additional information about our ratings fees is available at www.standardandpoors.com/usratingsfees.

S&P Global keeps certain activities of its various divisions and business units separate from each other in order to preserve the independence and objectivity of their respective activities. As a result, certain divisions and business units of S&P Global may have information that is not available to other business units. S&P Global has established policies and procedures to maintain the confidentiality of certain non-public information received in connection with each analytical process.

In addition, S&P Dow Jones Indices provides a wide range of services to, or relating to, many organizations, including issuers of securities, investment advisers, broker-dealers, investment banks, other financial institutions and financial intermediaries, and accordingly may receive fees or other economic benefits from those organizations, including organizations whose securities or services they may recommend, rate, include in model portfolios, evaluate or otherwise address.
